ARTICLE XVII CHARGES AND TRIALS

Section 1. Any member in good standing has a right to file internal union charges against another member, alleging misconduct prejudicial to the legitimate interests of the Union (e.g., strike breaking), including misconduct in violation of these By-Laws or the National Constitution. Charges must be signed by the complainant; must allege specific misconduct and the date(s) on which it occurred; and must allege sufficient facts to permit the accused to respond.

Section 2. Charges must be filed within 60 days of the time the complainant knew or should have known of the alleged misconduct.

Section 3. Local 132 will promptly forward a copy of the charges to the accused.

Section 4. The President will designate a Trial Committee consisting of 3 members in good standing. The Trial Committee will choose its Chair. The complainant and the accused will be promptly notified of the Trial Committee members and will be directed to immediately provide to the Trial Committee any evidence and arguments each may have pertaining to the charges. Neither the complainant, nor the accused, nor any member with an apparent conflict of interest will participate on the Trial Committee or on the Executive Board when charges are considered.

Section 5. The Trial Committee will determine whether the charges are timely; whether the charges state misconduct for which a member may be charged; and whether the charges are supported by sufficient evidence to warrant a hearing. If the Trial Committee determines that all or a part of the charges are untimely or do not state misconduct or are unsupported by sufficient evidence to warrant a hearing, it will issue a report dismissing such charges.

Section 6. If the Trial Committee issues a report dismissing the charges in whole or in part, the complainant may appeal to the Executive Board in writing within 30 days. The appeal must set forth the complainant's arguments in supporting his/her appeal. As soon as practicable, the Executive Board will decide the appeal by affirming the decision of the Trial Committee or by remanding all or part of the charges for hearing before the Trial Committee.

Section 7. If the Trial Committee determines that a hearing on all or part of the charges is warranted (or the Executive Board remands all or a part of the charges for hearing), the complainant and the accused will be provided reasonable notice that a hearing will take place before the Trial Committee.

Section 8. The hearing will take place as soon as practicable; provided that the complainant and the accused have at least 30 days advance notice. The Trial Committee chair may grant reasonable delays to any party.

Section 9. The hearing before the Trial Committee will be fair and impartial. The hearing will be informal. Only members of the UWUA may attend. The complainant and the accused may each represent themselves or may choose to be represented by another member in good standing. Each party will have a right to present evidence and arguments. The accused will be presumed innocent. The complainant will have the burden of proving the charges by a majority of the evidence.

Section 10. The Trial Committee will decide questions of order and procedure.

Section 11. Within 30 days of the conclusion of the hearing, the Trial Committee will issue a written report and its recommendation on guilt, innocence and penalty. The Trial Committee report and recommendation will be mailed to the complainant and the accused. The Trial Committee report and recommendation will become effective only upon approval by a majority vote of the Executive Board at a regular or special meeting.

Section 12. Within 14 days after issuance of the Trial Committee report, and prior to any action by the Executive Board, the complainant and the accused each may make additional written submissions to the Executive Board in support of their respective positions. The Executive Board will approve, reject or modify the Trial Committee report and recommendation and issue Local 132's final decision on the charges.

Section 13. The complainant or the accused may appeal from the Local 132 Executive Board's final decision in accordance with the provisions of the National UWUA Constitution.

ARTICLE XVIII ELECTION CHALLENGES

Section 1. An election challenge must be filed in writing with the Chair of the Election Committee at the offices of Local 132 within 15 days after an election (i.e. within 15 days after the election results are made available). Any member in good standing may file an election challenge.

Section 2. A challenge must describe the alleged misconduct and the date when it allegedly occurred. A challenge must contain a brief statement of facts and be sufficiently specific to permit an investigation. A copy of the challenge will be promptly mailed to the challenged party.

Section 3. Neither the challenger nor the challenged party nor any member with an apparent conflict of interest will participate on the Election Committee or on the Executive Board when a challenge is considered.

Section 4. The Election Committee will investigate the challenge. If the Election Committee determines that the challenge has not been timely filed; or that the challenge did not allege misconduct which could have affected the outcome of the election; or that the challenge is not supported by sufficient evidence to warrant a hearing; the Election Committee will issue a report and recommendation to the Executive Board dismissing all or part of the challenge.

Section 5. If the Election Committee determines that a hearing is warranted on all or part of the challenge, the challenger and the challenged party will be promptly notified by mail of the time and place of the hearing. The hearing will be fair, impartial and informal. Only members of the UWUA may attend. The challenger and the challenged party may each represent himself/herself or may choose to be represented by another member in good standing. The Election Committee will determine all questions of order and procedure.

Section 6. After the hearing, the Election Committee will issue its report and recommendation whether or not misconduct occurred which could have affected the outcome of the election. The Election Committee report will be promptly furnished to the challenger, the challenged party and the Executive Board. The Executive Board will consider the Election Committee report and recommendation. The Executive Board will approve, reject or modify the Election Committee report and recommendation and issue Local 132's final decision on the election challenge.

Section 7. The challenger or the challenged party may appeal from the Local 132 Executive Board's final decision in accordance with the provisions of the National UWUA Constitution.

Section 8. If the Local 132 Executive Board fails to issue a final decision on an election challenge within 45 days after the election, the challenger or the challenged party may appeal directly to the National UWUA within 30 days thereafter in accordance with the provisions of the National UWUA Constitution.

ARTICLE XIX BY-LAW COMMITTEE AND BY-LAW AMENDMENTS

Section 1. The By-Law Committee will consist of the President and the Trustees. The By-Law Committee will be responsible to make an investigation and recommendation to the Executive Board on proposed amendments.

Section 2. The Executive Board will consider the recommendations of the By-Law Committee and will determine whether or not the proposed amendments should be submitted to the National UWUA for approval. If the Executive Board determines that proposed amendments should be submitted to the National UWUA for approval; and if the National UWUA approves the proposed amendments as required by the National UWUA Constitution; the proposed amendments will be submitted to the membership for approval.

Section 3. Local 132 will mail proposed amendments to the membership at least 15 days prior to submitting the proposed amendments to the membership for approval.

Section 4. First, the proposed amendments will be presented to the membership at an initial round of regular or special membership meetings. Second, the proposed amendments will be voted upon by the membership at a subsequent round of regular or special membership meetings. The proposed amendments will take effect upon approval by a majority of the members voting at such meetings.
