RE: Anthem Select HMO network

At the JSC meeting held on October 9, 2017, we discussed the new Anthem Select HMO Medical Plan option that will be offered to all SoCalGas employees during the upcoming open enrollment period. As advised, this is an additional option and represented employees will **NOT** be required to change their existing plan. This benefit option, which has a different plan design, will have many of the same physicians and facilities as the Anthem CalCare HMO, but at a lower monthly premium cost. The Union requested that we provide a list of the healthcare providers that are currently not included in the Anthem Select HMO network.

The new Anthem Select HMO network has almost 9,200 healthcare providers. Anthem reviewed the healthcare providers currently used by employees enrolled in the Anthem CalCare HMO (the current Anthem HMO) and determined that the following providers are currently NOT available in the Anthem Select HMO network:
